

PEDDLERS WILL BE TAGGED FOR CITIZENS' GOOD

Commissioners Decide on New System to Insure Against Cheating on Weights and Measures.

"Tag, you're caught," is the way a new peddlers' license system is supposed to work out.

In effect May 1, the city officials are to have a system of control over all peddlers that promises to bring to a stop many alleged irregularities.

An ordinance was adopted by the commissioners yesterday afternoon providing for the placing of license plates on all peddlers' wagons. Metal license plates will be tacked on each side of every wagon. These will be four by eight inches in dimensions, bearing license numbers. There will be plates of three different colors. First, there will be a color for a license plate good for six months, a different color for a plate good for one year, and another color for plates that are given free of charge. Each plate will have the time of expiration stamped on it and will also show whether or not the license was given free or was paid for.

Fees Unchanged.
The license fees will not be changed. The fee for six months is \$15 and for one year \$25.

In some cases peddlers are known to be in such poor financial straits that they are given permits free of charge. However, it was stipulated that only those who can not afford to pay the fee will be allowed to escape the new ordinance.

Protection to Public.
The reason for the installation of the tag system is to provide a way whereby the city weights and measures inspector can keep a perfect check on all peddlers.

Before one of the new tags is issued the peddler must make application to L. K. Ehl, weights and measures inspector, bring forth his scales, have them tested and sealed and produce all measures he intends to use. These will be stamped. When this work is completed the peddler will be given an application to take to the clerk for his license tag, which will be handed out according to the period of time the peddler wants to work.

That such a system is absolutely necessary was made manifest by Mr. Ehl in a short explanation of the situation before the commissioners.

To Protect Housewife.
He said that a number of peddlers are cheating the public. He explained that the housewife who buys from the peddler in most cases does not take sufficient note of the peddler and his equipment so as to be able to identify him once that she has found out that cheating has been done.

Mr. Ehl has received a large number of complaints when this has been the case and he was, therefore, unable to find the guilty person. Many tricks of the peddlers' trade were told by Mr. Ehl. He mentioned one case where a peddler carried two sets of scales. One weighed out a 15 ounces to the pound while the other was only a 12-ounce per pound scale. The peddler, of course, used the short-weight scale every time he got the chance.

With the new system in effect, it is claimed that citizens making purchases will be able to recall very readily the license tag numbers of the peddlers with whom they deal, and in this way offenders can be apprehended.

They Combat Film On Millions of Teeth Today

There is a new, scientific way to clean teeth. It combats the film—the great tooth enemy—as nothing else has done. And millions of teeth now show the effects of it.

It is known today that most tooth troubles are due to a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. So it remains on teeth and may cause a constant damage.

It Clouds the Teeth

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So, despite the tooth brush, all these troubles have been constantly increasing.

Dentists long have known this. Dental science has for years sought a way to end film. Now it has discovered an efficient film combatant.

Able authorities have proved it by many clinical tests. Leading dentists everywhere have watched it and are urging its adoption. This is to offer a 10-Day Tube which will show what it means to you.

You Owe Yourself A Test, and It is Free

This new method is embodied in a dentifrice called Pepsodent—a scientific tooth paste. Every hand you see the glistening teeth of people who now use it. Ask for a free test and prove it for yourself.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to dry by day combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But the way is opened by discovery of a harmless activating method. Now active pepsin can be every day applied.

See What Ten Days Do

We do not argue Pepsodent effects. We send a tube to show them, and a book to state the reasons. Send the coupon for this 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Look at your teeth now, then look in ten days. Let your own teeth decide. Learn what film removal means. Do this for your sake and your children's sake, for the film is vitally important. Then judge for yourself between the old ways and the new. Cut out the coupon now.

BEDFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy
Relief After 18 Years'
Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milks Emulsion last fall, and before I had taken six bottles, my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milks Emulsion to the children for croup, with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found the same wonderful relief and lasting benefit from Milks Emulsion.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only acid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.
